

# MISSOURI NURSES ASSOCIATION NURSE LIAISON PROGRAM

**Overview:** The Nurse Liaison program aims to recruit and train nurse representatives in each of the 34 State Senate districts and 163 house districts in Missouri. The nurse leaders will cultivate a relationship with their state senator and state representative and put a friendly and knowledgeable face on MONA's legislative advocacy.

**Evidence:** We know that personal relationships are the best way to advance our legislative priorities in Jefferson City.

## **Ways Nurses will build relationships with their Elected Officials:**

- In-district meetings
- Visiting elected officials at the capitol
- Attending MONA Advocacy Days
- Attending campaign events like house parties and fundraisers
- Hosting healthcare focused house parties in the district
- Calling and emailing the Senator's office
- Recruiting other nurses to engage in legislative advocacy

Please email Outreach Manager, Jack Seigel at [jack@missourinurses.org](mailto:jack@missourinurses.org) with questions or to get involved.
